Bathroom Standards. Redefined.

Perfecting Bathroom Experiences since 1872.

American Standard

Raising The Standard

REJUVENATE. INVIGORATE.

What do you want your ideal shower to be like?

Will yours be a daily cleansing routine or a water discovery experience?

We take our cleansing ritual seriously. We envision a shower encounter to be more than just tickling your succinct senses through touch and sight. We want your shower acquaintance to be a sensorial one – one that can extend into an emotive experience leading to total relaxation of both mind and body. Which is why we combine smart design, thoughtful innovations, environmentally-conscious technology, even adding music into your shower. We aim to drench you in good taste.

Discover a whole new water experience – the American Standard way.

RAINCLICK HANDSHOWER

Why should you fiddle with a handshower just to get a desired spray preference? With a simple push of a button, you can easily choose from 3 spray modes for an indulgent shower of your choice. Go on, click away. Most importantly, have some fun while doing so.

RAINCLICK HANDSHOWER

Discover the ease of our RainClick handshowers. Showering can be made that much easier, and so much more fun. Now you no longer have to fiddle with your handshower, risk dropping it, or getting your hair wet while switching to a different spray mode. Simply click an ingenious button to decide on your personal favourite spray modes.

We understand the pure joy of expecting something to work when a button is pressed. It's a small touch we added to your handshower, but the difference is surely liberating. Children will find the RainClick Handshower extremely fun, and we know you will (secretly) love it too.

With a white showerhead set in shiny chrome, this seemingly discreet handshower lends an understated touch to any bathroom style.

AN INTUITIVE LITTLE BUTTON YOU WANT TO CLICK, AND CLICK, AND CLICK

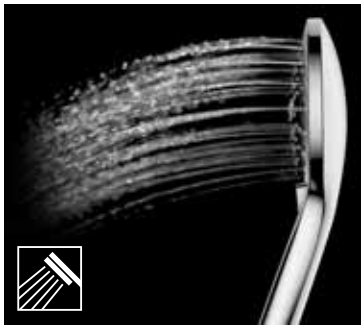
Modelled like a light switch, the RainClick offers ease of use with a simple click, what else? Your thumb will instinctively reach out for that button, and who can blame you? That's just a touch of intuitive user friendliness that we know will make you happy.

The soapy struggle in setting a handshower to your desired spray mode is a thing of the past. The RainClick Handshower is easy to use and control. Experience how easily you can switch between a refreshing burst of rain or an invigorating water massage. Showers are now so much more fun, convenient and just a click away.

TRANQUIL, JET OR IN-BETWEEN?

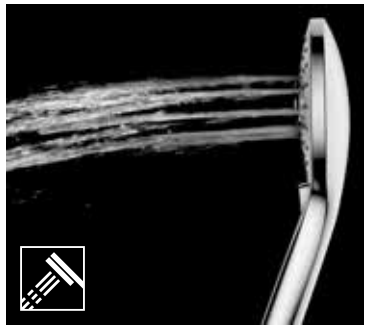
Why have one when you can have three spray modes, plus a fun button to switch between them all? Shower fans will concur that shower enjoyment escalates with different spray modes. We help take your enjoyment one notch higher with our RainClick.

With 3-Spray Functions (Tranquil Rain, Jet Rain or Therapy Rain) pandering to your showering preference, simply throw your head back and enjoy the mode that suits you best. Whether you prefer a consistent and tranquil spray, a powerful jet of massaging water or the best of both worlds, all three pleasurable functions can be found in one convenient button.



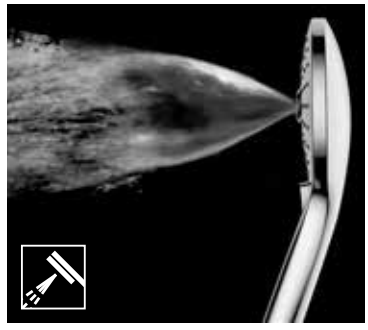
Tranquil Rain

Soft, drizzling shower that is perfect for rinsing shampoo out.



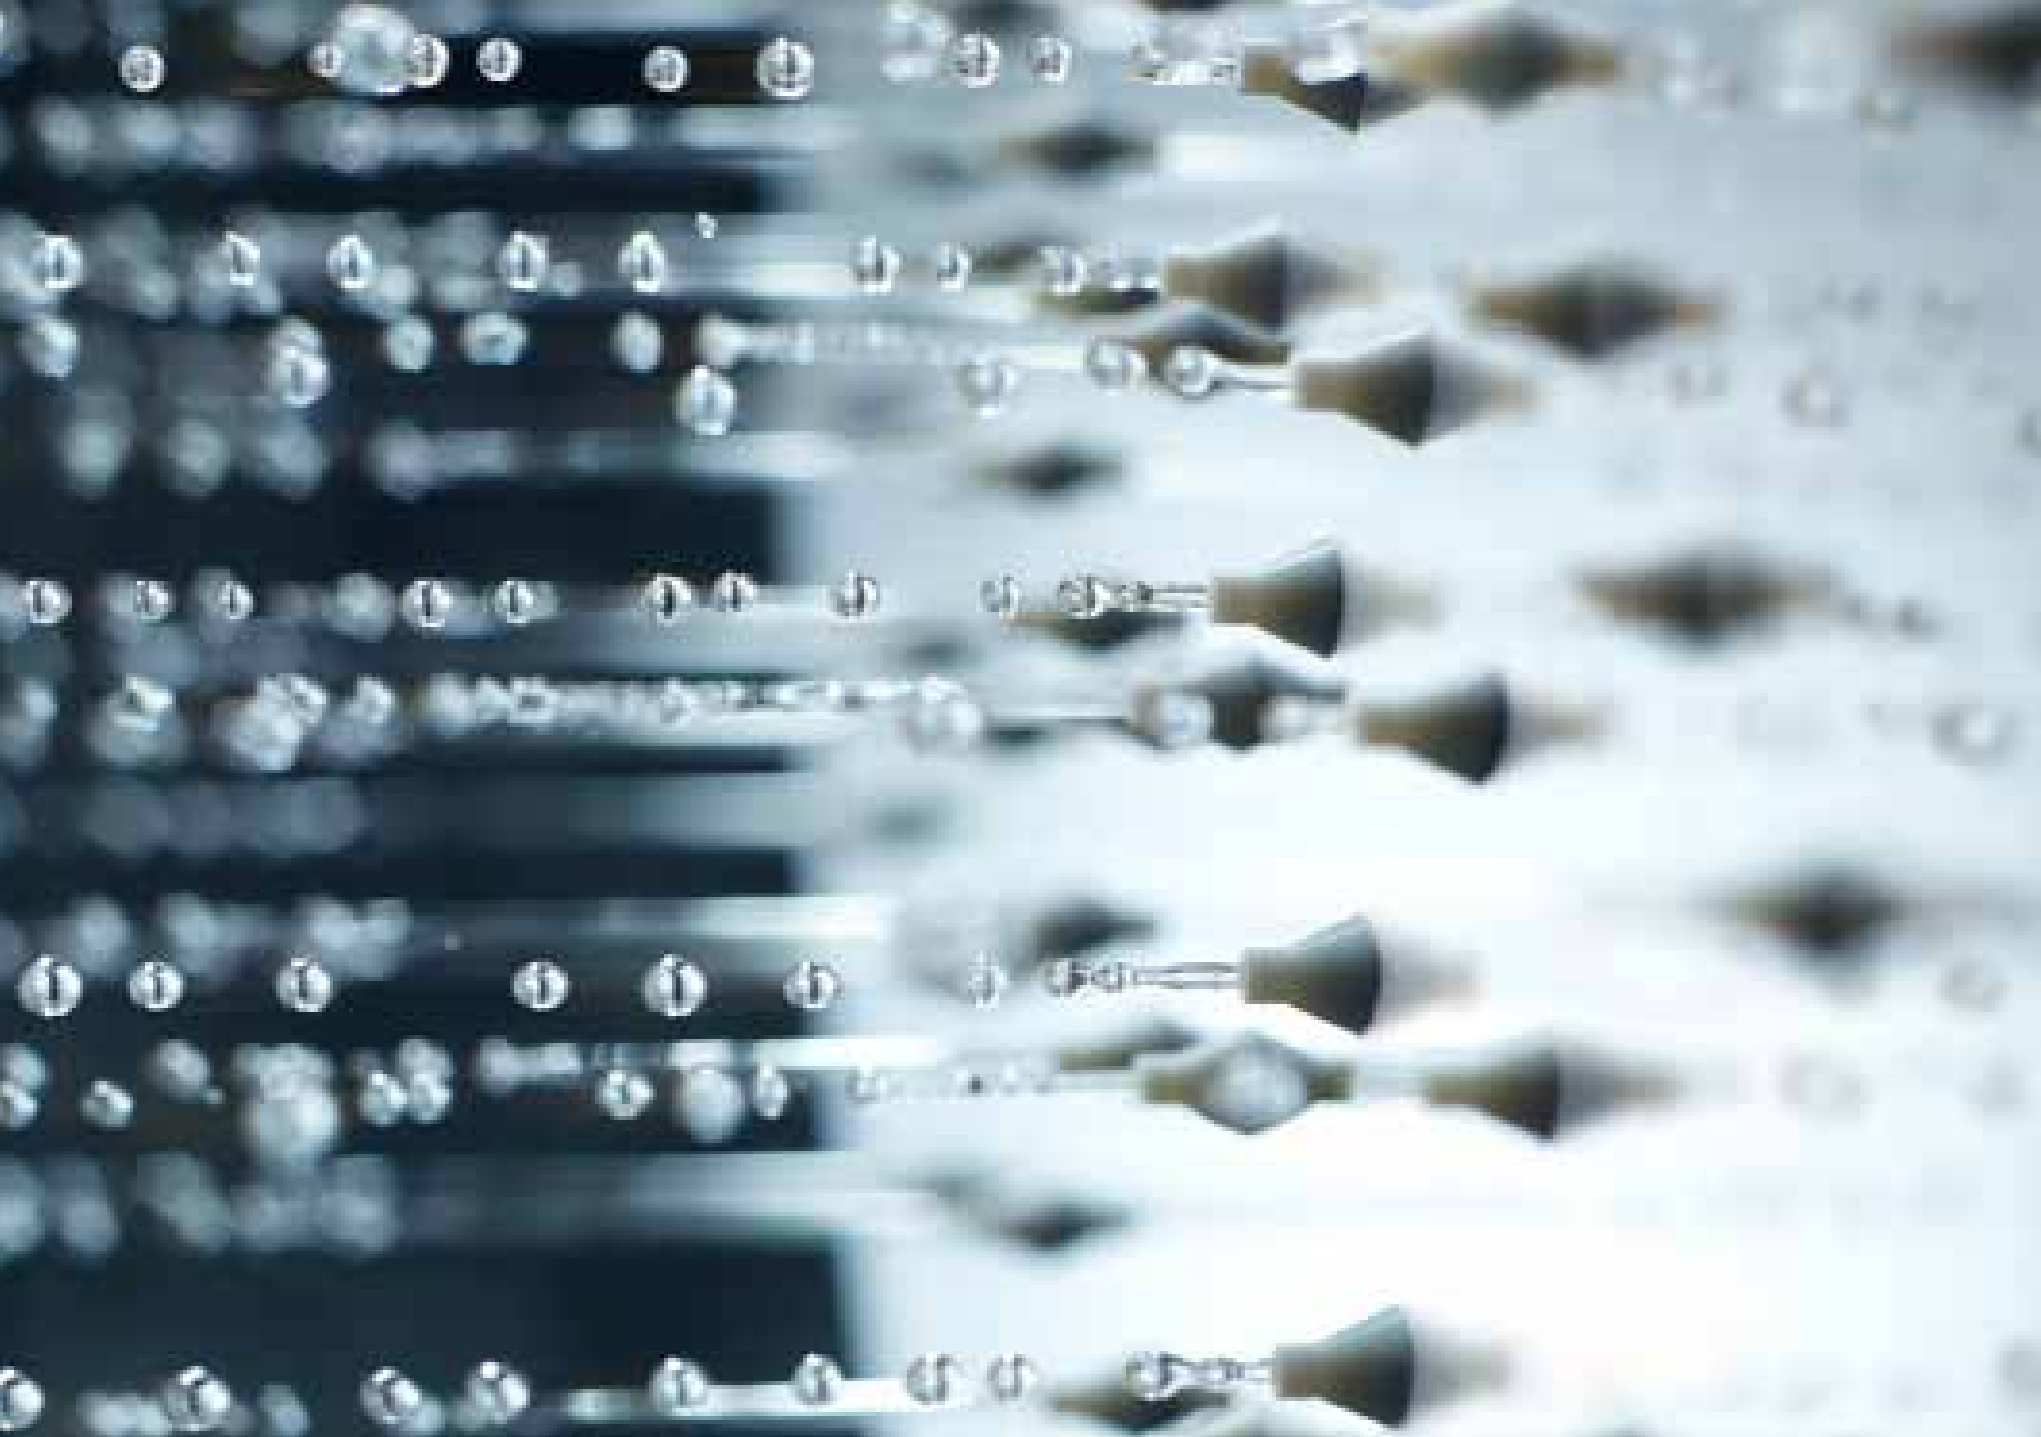
Jet Rain

Targeted jet spray that kneads tired muscles.



Therapy Rain

Soothing vortex spray that gently relaxes the body.



AIRNERGIZE OVERHEAD SHOWER

The elements of Air and Water are great gifts from nature. Though vastly different, the combination of the duo conjures a powerful world of emotion. And that is something we will like to bring to you in your private shower enclave. Thanks to our thoughtful Airnergize Technology which infuses water droplets with air, you are wrapped in a full shower spray and still assured of lesser water usage.

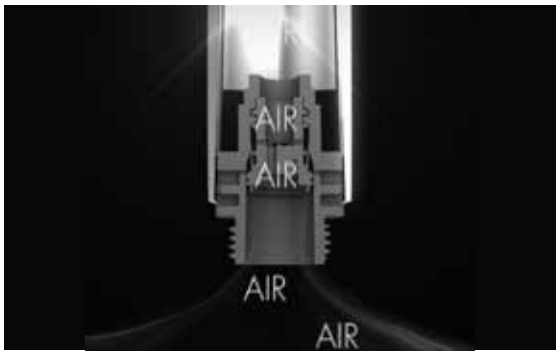
OXYGENATING VIGOUR

What happens when air meets water? Imagine thousands and thousands of water bubbles raining down on you, gliding effortlessly off your skin. Bask in the therapeutic drumming of air-infused water droplets that are individually bubble-wrapped with the pure goodness of oxygenating vigour. A sensorial wake-up call that we call an ‘air-nergetic shower’, that’s what you get.

AIRNERGIZE bathes you in air and water energy. Jump start your day with an invigorating body wash, or simply wind down while enjoying the luxurious spray it offers.

WATER & AIR INTERACTION

The Airnergize technology works by drawing air into the water stream via the top section of the showerhead. The water droplets get infused with air, transforming them into robust water bubbles. This envelops you in a luxurious spray of water, giving you the sensation of a full shower, yet saving you water consumption by 20%.



Water droplets are infused with air, transforming them into robust air bubbles.

Available in 8” Round showerhead
(without Airnergize Technology)

Available in 10” and 12” Round showerheads
(with Airnergize Technology)

SLIM IN SILHOUETTE, BIG ON WATER PERFORMANCE

STAINLESS STEEL SHOWERHEAD

Made from 304 Stainless Steel (a highly corrosion-resistant material), and at just 2mm of edge thinness, the Airnergize Ultra Slim Overhead Shower is slim in silhouette but big on water performance. Treat yourself to a full shower pleasure with the Airnergize showerhead. Flexible silicon nozzles ensure limescale deposits are easily rubbed off in an instant.

- Less water, luxurious water performance
- Corrosion-resistant showerhead
- Ultra-slim at 2mm of edge thinness
- Smart Limescale Cleaning
- Available in 8”, 10” and 12” Round showerheads

Available in 8” Round showerhead
(without Airnergize Technology)

Available in 10” & 12” Round showerheads
with Airnergize Technology)

ROUND OR SQUARE, THERE’S AIR IN THERE

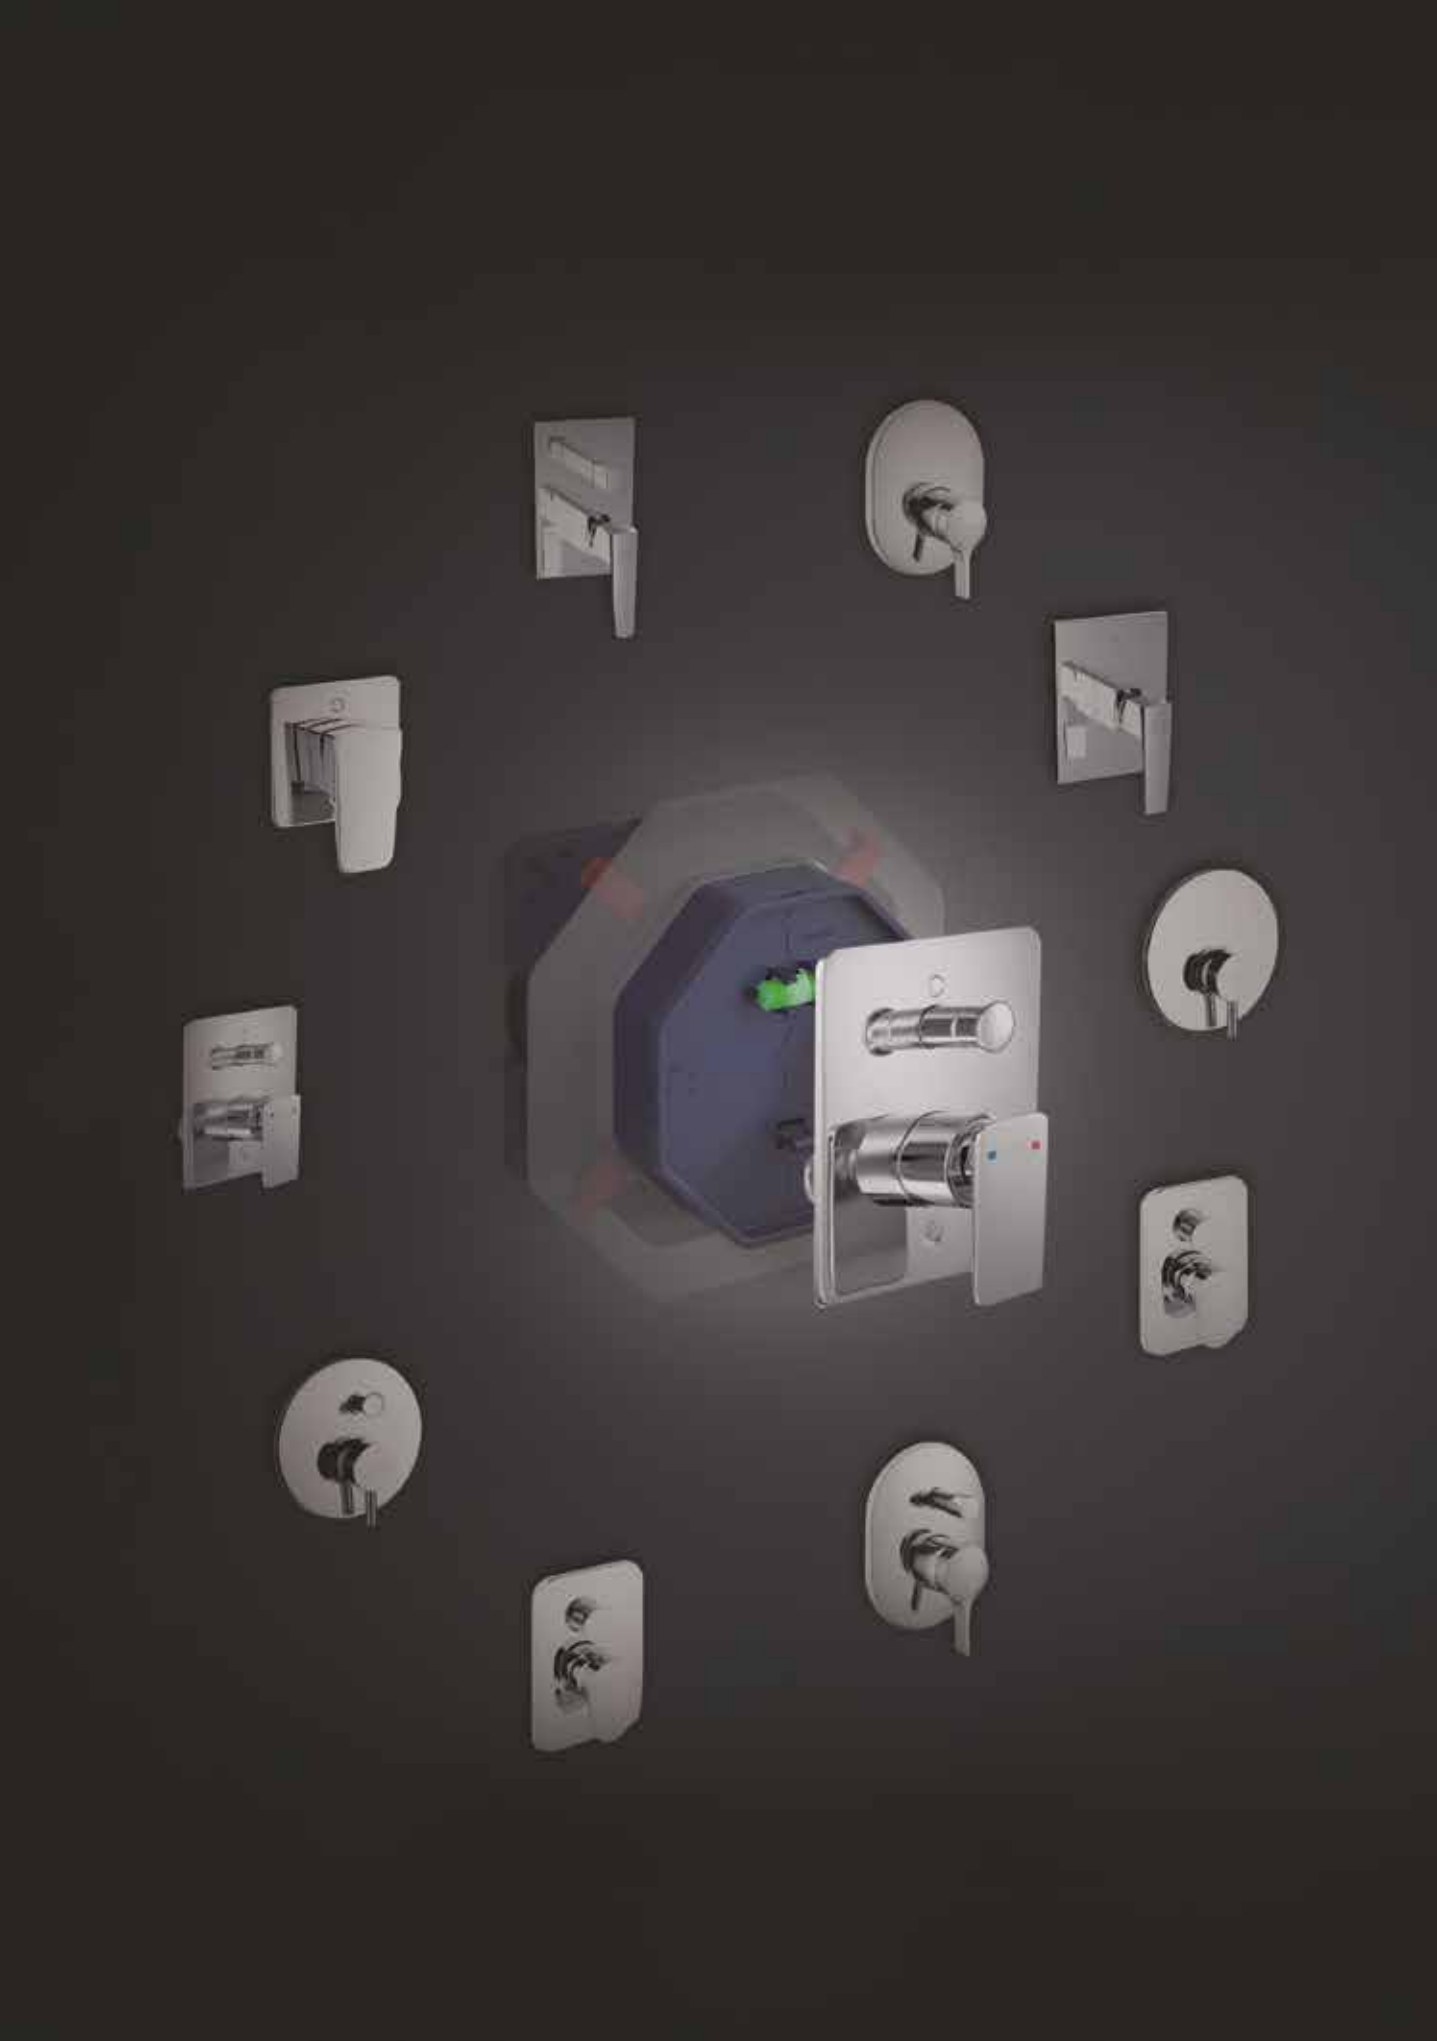
CHROME SHOWERHEAD

Our chrome-finished showerheads come in round and square shapes to fit any bathroom styles. Airnergize Technology infuses air into water droplets, giving you a refreshing and full shower boost. This water-conserving showerhead also features limescale-free nozzles with just a quick rub on the showerhead.

- Less water, luxurious water performance
- Smart Limescale Cleaning
- Available in 8”, 10” and 12” Round showerheads
- Available in 200mm, 250mm and 300mm Square showerheads

Available in 200mm Square showerhead
(without Airnergize Technology)

Available in 250mm & 300mm Square showerheads
(with Airnergize Technology)



UNIVERSAL BOX

Now you see it, now you don't. Who doesn't want more space saving ideas? We know you do, and that's why the Universal Box easily solves your space woes. Leave it all behind literally (in the wall) and enjoy various concealed configurations for your shower systems.

DISAPPEARS INTO THE WALL

Dislike exposed shower fittings that stick out and take up precious showering space, making you feel like a prisoner in your small bathroom? Do you hanker after the seamless look of concealed shower fittings in that last hotel suite you stayed in?

American Standard now offers you a stylish and flexible installation to help achieve your dream bathroom. The Universal Box cleverly disappears into the wall, saving you space and allowing you to update your bathroom with beautiful concealed shower fittings. Because we understand that shower fittings that are flushed with the wall equal a more inviting space. We want you to have more room to move around in your bathroom, for that is your own divine relaxation space.

Universal Installation Box

Besides allowing you to alternate mixer designs efficiently, the Universal box is suitable for different type of walls from thick to dry walls, as well as pre-fabricated housing systems.

You can even install the Universal Box first, and decide on a mixer design at a later stage. The Universal Box offers you freedom of choice, and is compatible with designs ranging from shower mixers to bath & shower mixers and thermostatic mixers.

Easy to install and maintain, this concealed installation provides greater flexibility for anyone building, planning or just looking to renovate.

Not only will you love it for the flawless look it produces, but your plumbers and guests will too.

Hidden from sight. Never cramping your style.
